of Inam lands up to 1847. He (9)
not known how he had obtained
them. His widow Chenni transferred
them to Chenna, who again trans-
-ferred them to the Shanbhog in
1863-64.

Note - The Dy Coor mentions Maji
No: 5 which he did not allude to
in his first letter. Whether he means
either of the Maji Nos: 7 & 12 remains
to be ascertained.

The remaining No: 4 (this
must be either No: 7 or 12 vide
note given above) was obtained
by the Shanbhog on Darkhast
in 1863-64 for Inalgaval on
the express condition that the
trees standing on the land should
not be cut or injured.

The Maji Nos: given correspond
with the survey Nos: 60, 65, & 71/1
and the Shanbhog has been paying
the full assessment viz. Rs: 1-9-12-0
since the date of the Sve: settle-
-ment, when these Nos: were given
to him under ordinary rules.
They have not been cultivated
but kept waste.

During the settlement (1884-85)
the Shanbhog took up the
following

(3) Survey nos. -

Sur No.	Extent	Assessment.	Rema
64	27-37	19 " 0 " 0	Descripti not give but pro summe to be d land.

The question of 'malki' was not brought to notice at the time by the Shanbhog. The Shanbhog admits that he failed to bring to notice the existence of a large no: of date trees. On the Complaint of the Toddy Contractor it was ascertained that sur: nos. 60, 64, 67, 68, 65, 66, 71 contain Toddy trees as follows: —

Fit trees from which Toddy is drawn -	Plants one yard high (in 1892)	young plants. (about 3 years ago)	Dead trees.

Sir

I am directed to forward for your information copy of letter from the Deputy Commissioner of Hassan District, No: 152 dated 6th June last, and to request that you will be good enough to favour Government with your views on the proposal therein contained and with a report of the circumstances under which the land originally granted on mere hulgeval tenure, happened to be confirmed with full occupancy rights particularly when the number of Shendi trees thereon rendered it a reservation necessary. Government wonder whether the Gida Patrika did

did not contain information of the number of trees, and thus furnish a warning against the absolute grant of the land.

suggested by the Deputy Commissioner)
be assumed without compensation. It would
be unprofitable to assume Survey Numbers
